

NOTIFICATION OF ADDENDUM

ADDENDUM NO. 1

DATED 12/02/2013

Control	6265-90-001
Project	RMC - 626590001
Highway	IH0010
County	EL PASO

Ladies/Gentlemen:

Attached please find an addendum on the above captioned project. Included in the attachment is an addendum notification which details the changes and the respective proposal pages which were added and/or changed.

Except for new bid insert pages, it is unnecessary to return any of the pages attached.

Bid insert pages must be returned with the bid proposal submitted to the Department, unless your firm is submitting a bid using a computer print out. The computer print out must be changed to reflect the new bid item information.

Contractors and material suppliers, etc. who have previously been furnished informational proposals are not being furnished a copy of the addendum. If you have a subcontractor on the above project, please advise them of this addendum. Acknowledgment of this addendum is not requested if your company has been issued a proposal stamped "This Proposal Issued for Informational Purposes."

You are required to acknowledge receipt of this addendum on the Addendum Acknowledgement form contained in your bid proposal by placing a mark in the box next to the respective addendum.

Failure to Acknowledge receipt of this addendum in your bid proposal will result in your bid not being read.

Each Contract awarded by the Department stands on its own and as such, is separate from other contracts. A contractor awarded multiple contracts, must be capable and sufficiently staffed to concurrently process any or all contracts at the same time.

General Requirements

Perform all work requires for this Contract in accordance with the Texas Department of Transportation Standard Specifications for Construction and Maintenance of Highways, Streets and Bridges (2004) and all applicable State Standards.

The Contractor and his employees shall wear fluorescent orange safety vests and hard hats while outside vehicles within TxDOT right of way. The Contractor's attention is

COUNTY: El Paso, etc.

Control: 6265-90-001

HIGHWAY: IH-10, etc.

directed towards Item 7.7 Public Safety and Convenience, and Item 7.9 Barricades and Danger, Warning and Detour Signs and Traffic Handling.

Various bid items and their associated quantities have been provided within this Contract in order to establish bid prices for the proposed work. Actual work performed as directed shall be paid utilizing these prices with no further compensation made regardless of the final quantities.

ITEM 2 - INSTRUCTIONS TO BIDDERS

This Contract includes plan sheets that are not part of the bid proposal.

View plans on-line or download from the web at:

<http://www.dot.state.tx.us/business/plansonline/plansonline.htm>.

Order plans from any of the plan reproduction companies shown on the web at:

<http://www.dot.state.tx.us/gsd/plans/companies.htm>

Any questions concerning the preparation and submission of the proposal forms, contact:

Margie Cedillo
Contract Manager
Texas Department of Transportation
3301 Gateway Blvd. West
El Paso, Texas 79928
(915) 790-4367

If the bidder has any questions concerning the specification of work requirement of the contract **contact the Contract manager or managers** listed above.

ITEM 3 - AWARD AND EXECUTION

This Contract includes callout work for Item 502.

ITEM 8 - PROSECUTION AND PROGRESS

This project is to be completed in **365** calendar days in accordance with **Section 8.3.A.5, "Calendar day."**

Prior to beginning operations, schedule and attend a preconstruction conference with the Engineer. Provide the Department a written outline of the proposed sequence of work (Bar Chart Schedule) and an estimated progress schedule.

All work and lane closures are restricted to non-peak hours defined as daytime hours, 9 A.M. to 4 P.M. Monday through Friday or night-time hours of 7 P.M. to 6 A.M. Sunday through Thursday, unless otherwise directed in writing.

COUNTY: El Paso, etc.**Control: 6265-90-001****HIGHWAY: IH-10, etc.**

Existing pavement, utilities, structures, etc., damaged as a result of the operations, will be repaired at no additional cost to the Department.

ITEM 500 - MOBILIZATION

The Contractor shall be paid under this item for any call out work performed outside El Paso County.

ITEM 502 - BARRICADES, SIGNS AND TRAFFIC HANDLING

<u>Type</u>	<u>Description</u>
1.	One (1) lane closure – two (2) lane road, no shoulders
2.	One (1) lane closure – two (2) lane road, paved shoulders
3.	One (1) lane closure – four (4) lane road
4.	Two (2) lane closures – four (4) lane road
5.	Freeway one (1) lane closure
6.	Freeway two (2) lane closure
7.	Closure of an exit or entrance ramp
8.	Freeway closure sequence daytime only
9.	Complete freeway closure
10.	Work area on shoulder
11.	Signing for uneven lanes
12.	Furnish additional truck mounted attenuator (TMA)
13.	Furnish additional portable changeable message sign
14.	Mobile Operation

The Contractor and his employees shall wear fluorescent orange safety vests and hard hats while outside vehicles within TxDOT right of way. The Contractor's attention is directed towards Item 7.7 Public Safety and Convenience, and Item 7.9 Barricades and Danger, Warning and Detour Signs and Traffic Handling.

The Contractor will abide by the guidelines referenced in specific sections of the Transportation Code related to vehicle lighting. "All Contractors' equipment will be inspected by TxDOT and the Department of Public Safety personnel for compliance. Vehicles equipped with unauthorized lighting will not be permitted to operate on State highways."

The traffic control plan (TCP) for this project shall be shown in the plans, as detailed on standard plan sheets BC (1-12)-07, and as provided for in Part VI of the Texas Manual on Uniform Traffic Control Devices. A minimum of two (2) flaggers, two (2) advance flashing arrow panels (TP C), signs as required, 28" minimum cones, and reflectorized drums will be required. All standards shall meet with the latest compliant work zone traffic control device (CWZTCD) list.

COUNTY: El Paso, etc.

Control: 6265-90-001

HIGHWAY: IH-10, etc.

For this project, reflective surfaces on channelizing devices, such as cones, vertical panels, drums, and barricades shall be the high specific intensity type, flat surface, reflective sheeting and shall conform with departmental materials specification. Reflective channelizing devices shall be free of any writing or symbols.

The Contractor will be required to furnish and place electronic changeable message board in advance of all mainlane and ramp closures on I-10, US-54 or any other highways as directed by the Engineer. Location and messages shall be approved by the Engineer prior to operation. No payment will be made directly for electronic changeable message signs, as they will be considered subsidiary to the various bid items.

The Department will notify the Contractor at least 24 hours prior to any scheduled lane closures for routine maintenance or repair. Lane closures identified by the Department as emergencies will be accomplished within one hour from verbal notification.

Emergency lane closures will be paid for as defined in the Items.

The estimated quantities of the various types of lane closures are for bidding purposes only. The quantities will be based on the actual need as determined by the Department.

Access to all side streets and driveways shall be maintained at all times at the sole expense of the Contractor.

The Contractor shall have sufficient manpower and equipment to any revised traffic control as directed by the Engineer.

On mainlane closures where the outside lane is closed, all exit ramp closures within the area will not be paid for directly, but shall be considered subsidiary to the main lane closure bid item.

On frontage road closures where the inside lane is closed, all entrance ramp closures within the area will not be paid for directly, but shall be considered subsidiary to the frontage road closure bid item.

Use flashing arrow boards on all tapers for each lane closure.

For additional information pertaining to channelization, signing, spacing details, and flagging procedures required to regulate, warn, and guide traffic through project, refer to the "Barricade and Construction" Standards and to the current *Texas Manual on Uniform Traffic Control Devices*.
